

Introducing the Bosch oven range.

Whatever kind of cook you are, we have a range of smart and stylish built-in single or double ovens for you to choose from. Serve up vitamin-packed meals using one of our innovative added steam ovens or, if limited on space, our easy to use microwaves and compact appliances will bring style and function to any kitchen.

Serie 8

With their impressive technology, elegant design and sensor-controlled programmes, our **Serie 8** ovens meet every need and more in the kitchen. The innovative control wheel provides full control over your dishes at all times.

Serie 6

Simple elegance meets superior technology. **Serie 6** ovens give you more than just convenient operation and energy efficiency. Modern functionality means your oven is easy to use with various programmes to suit different foods.

Serie 4

Modern design, quality engineering and practicality. Our **Serie 4** oven range looks stunning inside and out. Easy to use functionality with a selection of cooking programmes to choose from.

Cooking functions explained.

Check model for available functions.

4D Hotair

Place your food on any of the four shelf levels to achieve consistently perfect results: thanks to the fan wheel that changes the direction of rotation during operation to distribute heat evenly on every level.

3D Hotair

By maintaining the right temperature across three shelf levels, consistently even cooking results are achieved.

Top and bottom heat

Conventional baking and roasting on one level.

Top/Bottom heat gentle

Conventional baking and roasting on one level using residual heat, allowing you to gently cook meat, fish and baked items.

Hotair grilling

By operating alternatively, the grill and fan create a rotisserie effect, perfect for creating crisp meat.

Bottom heat

Only the bottom element is heated – ideal for pastry cases, bain-marie cooking and reheating.

Pizza setting

Create authentic pizzas with crisp bases and moist toppings. Also great for quiches, tarts and frozen foods.

Centre Grill

Use the centre grill for smaller quantities and more efficiency.

Hotair Gentle

For all those times you cook using just one shelf level, Hotair Gentle gives perfect results.

Full width variable grill

Grill large quantities with ease thanks to the precise temperature control. For added efficiency the door can be closed and the smells are kept in the oven.

Defrost

Gently defrosts food evenly and quicker than it would take on the kitchen counter.

Fast heat

For those times when you need your food ready more quickly, select fast heat to warm the oven faster.

Single point probe

The single point meat probe constantly measures the temperature at the core of the roast and as soon as the desired temperature is reached gives an acoustic and switches off automatically.

(Available in selected Serie 6 models only)

Perfect Roast Meat probe

Three highly sensitive measuring points determine the core temperature of your food to the exact degree, guaranteeing perfect roasting results and taking away the guesswork.

(Available in selected Serie 8 models only)

Added Steam

Produces succulent roasts, with juicy meats and crispy skins, as well as breads with the perfect colour and crust.

(Available on selected models only)

Pyrolytic cleaning

Heats the oven to around 480°C, which reduces dirt and grease deposits to dust that can be easily wiped away.

(Available in selected models only)

EcoClean Direct

Almost no cleaning is necessary thanks to a special coating of the rear wall that automatically absorbs grime.

(Available in selected models only)

Compact steam ovens.

CSG656BS7B

Compact ovens with microwave.

CMG676BS6B

Compact microwave combination ovens.
